The one and a half level Benson offers a main floor sanctuary master suite with five-piece bath, including a soothing free-standing tub, tile surround shower, and double-sink vanity. Two bedrooms and large full bath off the warm hardwood flooring of the foyer hallway. Natural light bathes the vaulted great room, cozied up by a stylish fireplace that also warms the centrally designed gourmet kitchen. Quartz or granite surface island, impeccable stainless appliances make meal preparation feast-worthy. An open-air covered outdoor living area connects via magnificent sliding glass doors to embrace the Northwest's distinctive seasons. When needed, a bonus space for rec room potential and optional fourth bedroom are upstairs.
