Standing on the covered porch of the Madrona you probably don't expect the open floor plan presented to you upon setting foot on the gorgeous hardwoods, but from the foyer you'll be totally captivated by this light filled classic. The Great Room beckons and upon entering it you're instantly drawn in by the windows and 9' ceilings. Doors lead outside to an amazing outdoor living space (with optional fireplace available) that will transform your summer nights.

The kitchen and dining area complete this wonderful space and the chef's kitchen comes complete with an 'L' shaped breakfast bar, stainless appliances, granite countertops, designer tile back-splashes and a pantry! A powder room and two-car garage with mud room compliment the Madrona's main floor.

Upstairs in the Madrona you'll find the spaciouly spectacular master suite! Windows fill this room with light and the luxury begins with dual walk-in-closets and continues in the master bath with its tile floor, giant soak tub and dual sink basins. Bedrooms 2 and 3 are sizable and bedroom 3 adjoins another tiled, full size bath! A huge fourth bedroom on this level could be used as a den and there is also a multi-purpose room with media wall and a tile floored utility room. The Madrona doesn't miss a detail!
